

16. Ferrata Tomaselli (2980m)

a classic via ferrata to the Cima Fanes Sud (very difficult)

Passo Falzarego – Forcella Travenanzes Bivacco della Chiesa – Punta Fanes Sud – Forcella Travenanzes – Passo Falzarego

- **Description:** a strenuous and very difficult via ferrata what pretend good mountain experience. Fixed rope until the top. Also the descent is very steel and difficult. Especially the weekends you will find “traffic” along the ferrata and therefore also falling rocks.
- **Starting point:** Passo Falzarego (2105m) or Rif. Lagazuoi (2778m) – reachable with the funicular from the Passo Falzarego
- **Duration:** total 5 ¾ hours, ascent 3 ½ hours, descent 2 ¼ hours
- **Difference in altitude:** ca. 900 m from the Passo Falzarego
- **Indications:** red-white-red with the nr. 402 and 20B until the access of the via ferrata
- **Highlights:** the difficult passage over the access, the steel climbings in the wall and the wonderful panorama from the top
