Description of the way: By car or by bus we go in direction to San Candido/Innichen and after 4 km to the left to the Innerfeld Valley and further to the last parking place. Here we start our tour and we go to the [Dreischuster Hut](#) (1.626m, open) and we cross flat grounds into the valley. Arrived at the furcation of the valley underneath the Monte Arnese/Morgenkopf we turn right westbound and we go up-hill remaining on the right. Below the Forcella del Lago/Lückelescharte we go further northwards on the right to a steep stage. Here we have to find the best way to walk up (sometimes sparsely snow) to the peak.

Tips and advices: The [Dreischuster hut](#) is open also in winter, departure early in the morning, because mostly south exposed. Check absolutely the avalanche situation.

Summary: Impressive peak on the northern ridge of the Dolomites with extraordinary views.
