### Tour details:

Start from our Berghotel with your **car** to **Lake Misurina** (approx. 25 km). From here it is a **relatively steep 7 km ascent** to the **Auronzo Hut**. Fantastic views of Monte Cristallo, the Cadini group, Sorapis and the world-famous Three Peaks. The path continues to the **Lavaredo Hut** and back again, after approx. 200 metres after the **chapel** it goes **left down into the valley**, the end of this path forms a stream bed that leads into a **tarmac road**. Follow this road until you reach the junction for **Rifugio Citta di Carpi**. After a good 800 metres you reach the Citta di Carpi hut with a wonderful view of Sorapis. The route then **climbs briefly**; after reaching a small saddle at around 2,100 metres, it then descends again to the **starting point** at Lake Misurina.

The tour can also be done by e-bike.
