

# WALK FROM SESTO TO SAN CANDIDO

🕒 2-3 h

📍 10 km

⚡ 150 hm

## Description of the way:

From the **Berghotel**, walk to the church of Moso and turn right into Via Heideck. At the end of the road, cross the bridge and turn right towards **Sesto**, pass the Sport Sexten sports centre and continue to the bank Cassa di Risparmio. Cross the bridge and follow the road uphill, pass Sesto church (cemetery!) and turn left into Via Laner. Path n° 5 to San Candido begins at the Laner farm. You walk through beautiful flower fields and pass other farms until the forest begins. After the Sesto reservoir, follow trail n° 5 and later path n° 4 to **San Candido**.

## Advices and suggestions:

There is no altitude difference to be made and it is not demanding. A path through meadows and woods, passing the famous Sexten cemetery and the village of Sexten on the right-hand side of the valley. Above the artificial lake of Sesto through the woods to San Candido. A really pretty walk.

## Summary:

a very good half-day-excursion with the possibility to do some shopping
