

HIKING TOUR ON THE FORCELLA DEL LAGO

🕒 9-10 h 📍 24.2 km ⚠️ 1655 hm

Description of the way:

From the Berghotel, take the car or bus to the **Val Campo di Dentro** parking place, where you follow path no. 105 to the **Rifugio Tre Scarperi** (1,602 m). Pass the hut and turn slightly right and follow this path up to the head of the Val Campo di Dentro valley. Walk through a scree field to the right side of the valley and keep right at the fork in the path. Climb over the so-called “Schwarzboden” on path no. 10 up to the “Hangalpental”. At the next fork in the path, turn again right onto path no. 9 through the increasingly rocky valley. The last few meters before the **Forcella del Lago** lead over serpentine into a steep scree slope. Leave path no. 9 and climb up the Croda dei Baranci path via rock steps, which later leads into a gully secured with a wire rope. The path, which is exposed, leads up to the wide ridge on which you reach the summit of the **Cima Piatta Alta**. The descent follows the same route as the ascent.

Physical requirements:

an easy excursion but long! Only for perennial hikers when the weather is good!
