📍 18 km

⚡ 1280 hm

Description of the way:

By bus or car (1 hour by foot), we reach the Val Fiscalina valley and start from the parking lot at the **Dolomitenhof** (1454 m). From there, the path is almost flat until we reach the **Rifugio Fondo Valle** (1548 m). Then we turn right onto trail no. 102/103 briefly ascending to a junction. Here, trail no. 103 leads left up to the **Rifugio Comici** (2235 m). From the shelter, we follow trail no. 101 slightly uphill westwards to the Passo Fiscalino and then turn right to the **Rifugio Pian di Cengia** (2528 m). At the Forcella Pian di Cengia (2522 m), the path descends steeply on the north side through scree and then continues level ground to the **Rifugio Locatelli** (2438 m). From the hut, we follow trail no. 102 northeastward through the “Bödenalm” with its two upper lakes and descend through the Altensteintal valley to the **Rifugio Fondo Valle**.

Advices and suggestions:

This is a must to do! Long but not difficult, you might be not alone but this tour is really beautiful. Should the weather forecast says clouds for the afternoon, so it might be better doing the tour vice versa – so you can see the Tre Cime in the morning.

Summary:

A must-excursion for everybody!
