# THE MOUNTAIN GOAT CIRCLE NUMBER 100

🕒 5-6 h

📍 13 km

⚠️ 844 hm

## Description of the route:

At the church in Moso, turn right towards the fire station. After about 100 meters, a narrow field path branches off to the left, which you follow through the meadows to the valley station of the **Croda Rossa cable car** and up to the **Croda Rossa meadows**. After the Rudi hut, trail no. 100 passes by the top station of the small drag lift. Through the upper, partly exposed path through the rocks of the Crostoni di Croda Rossa, you reach the „Anderter Alpe“, where the **Bellum Aquilarum** Open-Air Museum (World War I) is located. At the fork, follow trail no. 122 for a short distance down to **Val Fiscalina** until you reach another fork, where you follow trail no. 124 to the right up above the Val Fiscalina down into to the valley. At the crossroads, where you turn right back onto the Croda Rossa meadows (cable car descent), turn left and descend steeply through dense forest to Val Fiscalina and from there back to **Moso** and the Berghotel.

**Variant 1:** Instead of taking the upper and more beautiful but exposed path nr. 100 you can also take the lower path nr. 100 which starts directly down at the Croda Rossa hut.

## Advices and suggestions:

You need not to be too high shy on this tour. The hike varies a lot and it is much diversified – from flat to steep trails in the rocks and with wonderful views. The tour can also be shortened as a roundtrip from and to the funicular or longer by going up and down without funicular.

## Summary:

an excursion high above the Fischlein Valley which is a must to do!
