

Berghotel's list

The selection of wines is made to the best of our knowledge and conscience.

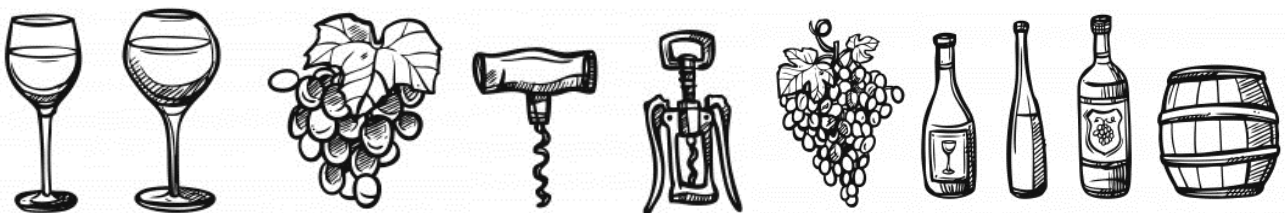

We are regional and very sustainable, which is why the majority of our wines come from South Tyrol and from wine-growing areas around South Tyrol. But there are exceptions and we make them consciously and out of conviction. We like to eat and drink and we love to enjoy. And sometimes that means throwing principles overboard, letting life go and not taking everything too seriously. There is no good Barolo or Sangiovese in South Tyrol. It can't come up with the original grapes from nearby Friuli either. Nowhere else does a Riesling thrive as well as in its ancestral homeland and we don't want to deprive you of something as good as that!

On our menu you will find traditionally vinified wines, but also many PIWI wines that require very little spraying or orange wines with natural fermentation.

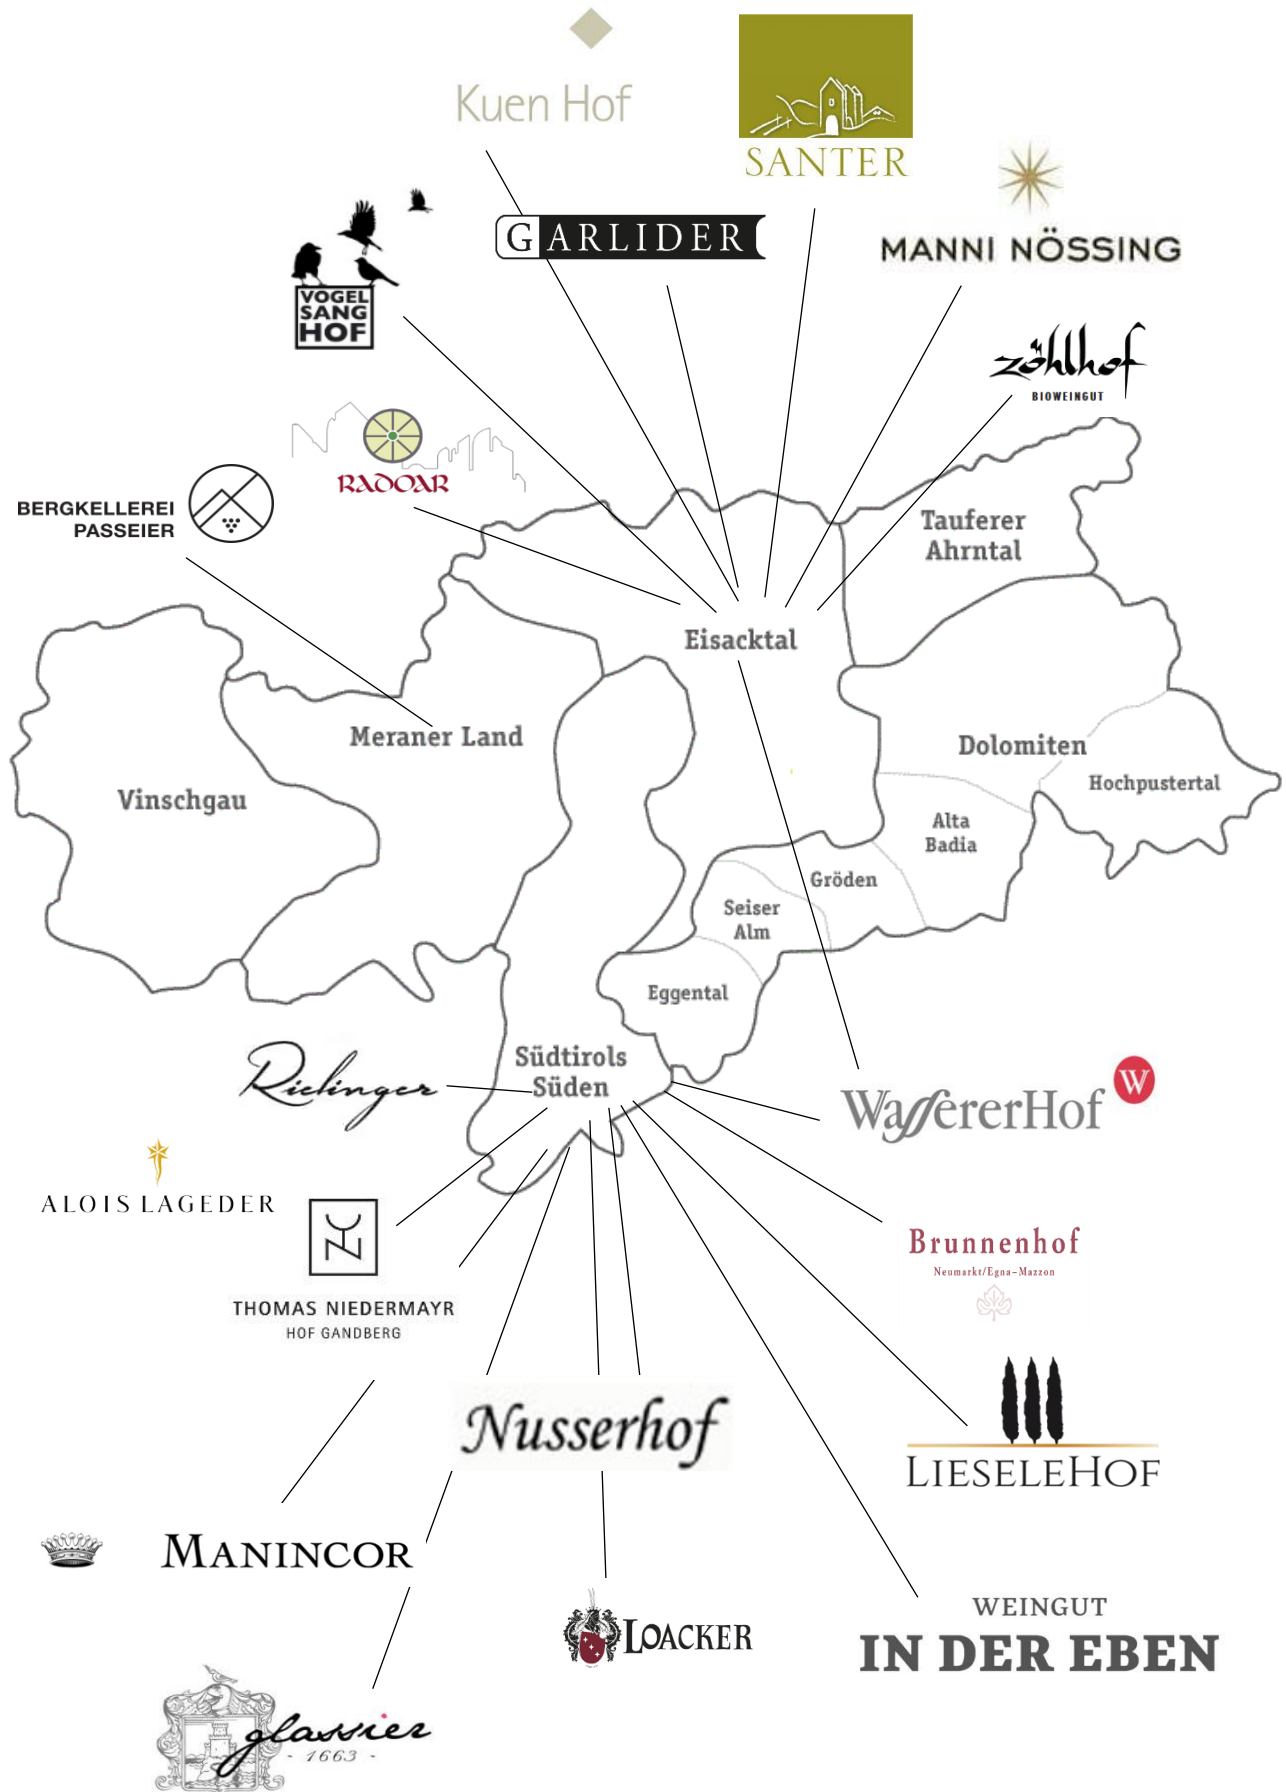

Finally, a wine from a magnum or larger bottle always tastes better. Your open wine bottles are kept and you will find them at your table the next day.

Our waiters are sommeliers and are happy to help!!!

Cheers!

Our wine selection from producers that we know personally
and are in harmony with the nature

Kerschbaumer's philosophy is to maintain the characteristics of the vine and the soil in the wine and to adulterate it as little as possible. This is why he has switched to organic cultivation and uses mainly autochthonous yeasts in his cellar.

ORANGE WINE

An Orange Wine, is a white wine, which is produced like a red wine. The white wine grapes are fermented with the berry skins (mash) and thus extract more tannins and colourings from the berry skins.

The colour of the Orange Wine

The orange wine is characterised by a dark yellow to orange colour and is usually somewhat cloudy. Occasionally it is described as the fourth wine colour besides red, white and rosé.

The origin of the Orange Wine

Orange Wines have their origin in the Georgian Quevri wine

The characteristics of Orange Wine

Made from white grapes; Produced like a red wine; Colour results from prolonged maceration & oxidation; Often from organic & biodynamic viticulture; Mostly no additional yeast, fining & sulphur addition; Striking colour; Varies greatly in taste.

COMETS Alois Lageder

Comets flash by, leave a trail, and burn out. Some last for years, others just a few seconds. They leave an impression and can light a path to guide us in what we do every day. Our Comets are all about the joy of experimenting, a desire to innovate, and getting to know our limits in order to learn from them. Each of our Comets is unique, just like a fingerprint, and the labels on every single bottle have been made by hand: the tail of a comet painted on with a finger.

RIESLING
FROM THE RHEINGAU
GERMANY

"We cultivate our vines with the goal of harvesting healthy, powerful grapes of excellent quality for many years - the first step in the production of top quality wines and sparkling wines! In the cellar we rely on the most modern technology for gentle processing of the grapes. In chilled stainless steel tanks and large and small wooden barrels, we give our wines the time they need to mature into premium wines."

TOP OF SOUTH TYROL

320 Chardonnay Löwengang 2008  Alois Lageder 95,30 €

The Löwengang Chardonnay has played a major role in the success of the wine estate and in establishing Alto Adige's status as a quality wine region. The vineyard comprises several smaller plots, which every year react differently to the influences of the local climate. It is our task to respond accordingly and combine them in such a way that a new masterpiece is created with every vintage.

363 Doc Beyond the clouds argentum Bonum 2012  Elena Walch 159,70 €

A selection of our finest white grapes, predominantly Chardonnay. The various grape varieties get picked as soon as the Chardonnay reaches optimum maturity. All varieties get crushed and pressed together after which they also ferment together in new French oak barriques.

364 Weißburgunder Riserva Sanctissimus  St. Pauls 108,20 €

Essence of the Pinot Bianco. To give to our leading variety Pinot Bianco an additional facet, we decided to create from a particularly steep and south-facing location with probably the oldest Pinot Blanc vines from Alto Adige another milestone. The result is a harmonious connection between soil, variety and vintage, realized by the gentle fermentation on the skins in small clay amphorae. Due to its natural balance, its character and the juicy structure the wine offers a unique sensory experience.

365 Pinot Blanc Rarität 2004  Terlan 118,40 €

Cantina Terlano has an unusual offering in the form of its Rarities, special editions of mature white wines that have been left to age on the lees in steel pressure tanks for at least ten years. The Rarity is a Pinot Bianco with a youthful freshness that belies its maturity. That makes it perfect for a long period of aging in the bottle. Terlano has the terroir to produce great white wines, as its Rarities so convincingly demonstrate.

366 Terlaner Grande Cuveé 2013  Terlan 195,50 €

The quest was for the perfect creation, one capable of expressing the authentic, innermost character of Cantina Terlano, for a wine that would embody our tradition of more than a hundred years and would combine the strengths of our very best varieties and vineyards. We have achieved that goal. The result is the Terlaner I Grande Cuvée. The wine's elegance and perfect balance are the product of its remarkable structure and subtle texture, which give the wine its unmistakable character. Its extremely long finish is more than pleasant; it leaves its mark in memory as the supreme expression of a mineral terroir that is unique in the world.

534 Appius 2014 (S.B.+P.G.W)  St. Michael 148,90 €

a very lively and fresh Appius, with a complex and diverse bouquet that is full of fruit. On the palate, it is fresh, with pronounced minerality, finesse and elegance.

558 Blauburgunder Ludwig Barth
von Barthenau Vigna Rocolo DOC 2013  Hofstätter 276,70 €

This Nero Noir possesses the enormous potential originating from an exceptional site in which a significant portion of the vines is over 70 years old.

367 Blauburgunder Riserva Vigna Ganger 2012/14  Girlan 147,50 €

The winery of Girlan has developed a leading position among Pinot Noir producers. The wine flavor of ripe fruits, cherries and sour cherries, forest fruits, raspberries and a light marzipan taste. In the taste elegant and refined, very penetrating, with good acidity and condiment. This Blauburgunder has a filigree and complex structure, as well as soft and balanced tannins.

792 Blauburgunder Riserva Vigna Ganger 15/16  Girlan 166,50 €

a vintage with an all-time high level of quality. The perfect ripening of the grapes, good tannins and a harmonious body are the foundation of exceptional wines - fruity, intense, and with a high density of flavour.

368 Lagrein Roblinus de'Waldgries DOC 2015  Waldgries 125,40 €

«If I had to say what wine means to me, I would say it is an authentic expression - of all the time we have invested and the trouble we have taken on the one hand, and of the gratitude we feel when we drink a glass of wine on the other: gratitude for the privilege of being able to respond every day to the calling of the vintner and for a natural environment that enables us to produce wines of the very best quality.» Christian Plattner

414 Lagrein Lindenburg 2003  Alois Lageder 81,00 €

The Lagrein grape variety can be traced back over 600 years. When the Lindenburg vineyards were rehabilitated in the 1950s, the pergola system for training the vines was retained. It provides the shade for the grapes and the deep sandy soils that is desirable in the summer heat, as Bolzano is one of the hottest cities in Italy. It also contributes to the style of the Lindenburg Lagrein, helping maintain the wine's fruitiness and elegance in spite of its full-bodied character, and contributing precision and longevity.

426 Cabernet Löwengang 2015  Alois Lageder 67,70 €

446 Cabernet Löwengang 1997  Alois Lageder 144,70 €

The plot with Carmenère, Cabernet Sauvignon, Cabernet Franc and Merlot vines at the heart of the vineyard was planted at the turn of the 20th century. That makes it one of the oldest sites in Alto Adige still preserved. In order to maintain this treasure with its old and unique DNA, young vines were obtained through selection massale with which the vineyard extended.
