

Berghotel's list

The selection of wines is made to the best of our knowledge and conscience.

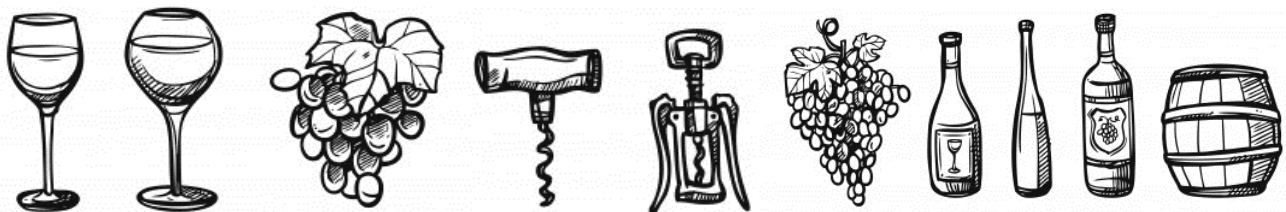

We are regional and very sustainable, which is why the majority of our wines come from South Tyrol and from wine-growing areas around South Tyrol. But there are exceptions and we make them consciously and out of conviction. We like to eat and drink and we love to enjoy. And sometimes that means throwing principles overboard, letting life go and not taking everything too seriously. There is no good Barolo or Sangiovese in South Tyrol. It can't come up with the original grapes from nearby Friuli either. Nowhere else does a Riesling thrive as well as in its ancestral homeland and we don't want to deprive you of something as good as that!

On our menu you will find traditionally vinified wines, but also many PIWI wines that require very little spraying or orange wines with natural fermentation.

Finally, a wine from a magnum or larger bottle always tastes better. Your open wines bottles are kept and you will find them at your table the next day.

Our waiters are sommeliers and are happy to help!!!

Cheers!

Our wine selection from producers that we know personally and are in harmony with the nature

Vogelsanghof

Our Kukuck wine is a cuvée of: 30 % Solaris (crossbreed wild grape with Riesling) for the acidity and 70 % Muscaris (crossbreed wild grape with Muskateller) for the fruit. This is our wine. The difference happens in the cellar. Not much happens in the vineyard except for: 3x application of copper and sulphur far below the permissible amounts plus the farm's own fertiliser and donkey dung.

Kerschbaumer's philosophy is to maintain the characteristics of the vine and the soil in the wine and to adulterate it as little as possible. This is why he has switched to organic cultivation and uses mainly autochthonous yeasts in his cellar.

ORANGE WINE

An Orange Wine, is a white wine, which is produced like a red wine. The white wine grapes are fermented with the berry skins (mash) and thus extract more tannins and colourings from the berry skins.

The colour

The orange wine is characterised by a dark yellow to orange colour and is usually somewhat cloudy. Occasionally it is described as the fourth wine colour besides red, white and rosé.

The origin

Orange Wines have their origin in the Georgian Quevri wine

The characteristics

Made from white grapes; Produced like a red wine; Colour results from prolonged maceration & oxidation; Often from organic & biodynamic viticulture; Mostly no additional yeast, fining & sulphur addition; Striking colour; Varies greatly in taste.

COMETS Alois Lageder

Comets flash by, leave a trail, and burn out. Some last for years, others just a few seconds. They leave an impression and can light a path to guide us in what we do every day. Our Comets are all about the joy of experimenting, a desire to innovate, and getting to know our limits in order to learn from them. Each of our Comets is unique, just like a fingerprint, and the labels on every single bottle have been made by hand: the tail of a comet painted on with a finger.

TOP OF SOUTH TYROL

320 Chardonnay Löwengang 2012

Alois Lageder

128,50 €

The Löwengang Chardonnay has played a major role in the success of the wine estate and in establishing Alto Adige's status as a quality wine region. The vineyard comprises several smaller plots, which every year react differently to the influences of the local climate. It is our task to respond accordingly and combine them in such a way that a new masterpiece is created with every vintage.

363 Südtirol Doc Beyond the clouds argentum Bonum 2012 Elena Walch

159,70 €

A selection of our finest white grapes, predominantly Chardonnay. The various grape varieties get picked as soon as the Chardonnay reaches optimum maturity. All varieties get crushed and pressed together after which they also ferment together in new French oak barriques.

364 Weißburgunder Riserva Sanctissimus 2015 | 17

St. Pauls

108,20 €

Essence of the Pinot Bianco. To give to our leading variety Pinot Bianco an additional facet, we decided to create from a particularly steep and south-facing location with probably the oldest Pinot Blanc vines from Alto Adige another milestone. The result is a harmonious connection between soil, variety and vintage, realized by the gentle fermentation on the skins in small clay amphorae. Due to its natural balance, its character and the juicy structure the wine offers a unique sensory experience.

538 Nama Cuvèe (CH+PB+SV) 2018

Nals Magreit

134,20 €

A super South Tyrolean wine par excellence: The blend of Chardonnay, Pinot Bianco and Sauvignon pairs fruity sweetness with minerality. Smells of lemons, apples, lychee, roasted aromas; soft on the palate, full-bodied and yet mineral-salty. Elegant wine that can still be stored.

366 Terlaner Grande Cuvèe 2013

Terlan

197,40 €

The quest was for the perfect creation, one capable of expressing the authentic, innermost character of Cantina Terlano, for a wine that would embody our tradition of more than a hundred years and would combine the strengths of our very best varieties and vineyards. We have achieved that goal. The result is the Terlaner I Grande Cuvèe. The wine's elegance and perfect balance are the product of its remarkable structure and subtle texture, which give the wine its unmistakable character. Its extremely long finish is more than pleasant; it leaves its mark in memory as the supreme expression of a mineral terroir that is unique in the world.

534 Appius (CH+PG+PB) 2014 | 15 | 16 | 17

St. Michael

153,20 €

a very lively and fresh Appius, with a complex and diverse bouquet that is full of fruit. On the palate, it is fresh, with pronounced minerality, finesse and elegance.

-----	--	--------	---	----------

The winery of Girlan has developed a leading position among Pinot Noir producers. The wine flavor of ripe fruits, cherries and sour cherries, forest fruits, raspberries and a light marzipan taste. In the taste elegant and refined, very penetrating, with good acidity and condiment. This Blauburgunder has a filigree and complex structure, as well as soft and balanced tannins.

-----	--	-----------	---	----------

*«If I had to say what wine means to me, I would say it is an authentic expression - of all the time we have invested and the trouble we have taken on the one hand, and of the gratitude we feel when we drink a glass of wine on the other: gratitude for the privilege of being able to respond every day to the calling of the vintner and for a natural environment that enables us to produce wines of the very best quality.»
Christian Plattner*

414	Lagrein Lindenburg 2003 07	Alois Lageder		81,00 €
-----	----------------------------	---------------	---	---------

The Lagrein grape variety can be traced back over 600 years. When the Lindenburg vineyards were rehabilitated in the 1950s, the pergola system for training the vines was retained. It provides the shade for the grapes and the deep sandy soils that is desirable in the summer heat, as Bolzano is one of the hottest cities in Italy. It also contributes to the style of the Lindenburg Lagrein, helping maintain the wine's fruitiness and elegance in spite of its full-bodied character, and contributing precision and longevity.

426	Cabernet Löwengang 2016	Alois Lageder		67,70 €
446	Cabernet Löwengang 1997	Alois Lageder		145,60 €

The plot with Carmenère, Cabernet Sauvignon, Cabernet Franc and Merlot vines at the heart of the vineyard was planted at the turn of the 20th century. That makes it one of the oldest sites in Alto Adige still preserved. In order to maintain this treasure with its old and unique DNA, young vines were obtained through selection massale with which the vineyard extended.
